

March Bears R.U.F.C Match report

March Under 16's v St Ives Under 16's

On Sunday March Bears R.U.F.C Under 16s, were in action again against ST Ives Under 16s, again a large crowd turned out to support the youngsters, with their confidence high, from a very good performance the previous weekend in a county competition held at Cambridge Rugby club.

The young Bears started slowly and were forced to defend against a side that was physically bigger and well drilled. Very soon they due to missed tackles they started to concede tries and by half time were trailing 21-0.

Second half March suddenly lifted their game, which forced St Ives into some desperate tackling to stop March from scoring, against the run of play St Ives intercepted a stray pass to touch down. March smarting from this error again went on the offensive, when man of the match for the young bears full back Scott Whiting Latched on to a clearance kick, from 65yds out, set off what must be the try of the game, his pace, power and sheer determination was rewarded when he touched down and got the biggest cheer from the crowd. March lost the game 45-5 against a side that has played together for a lot longer. This was March's forth game, still on a learning curve, another good performance. Thanks to Referee Andy Meaghan, who's contribution to the game was superb .
